JOIN US FOR THE 5TH EDITION OF THE INNOVERSE INVENTION & INNOVATION EXPO – NOW ONLINE!

We are pleased to invite you to the fifth edition of the Innoverse Invention & Innovation Expo, which will take place online on August 24th, 2026. This highly anticipated global event brings together leading minds in invention, innovation, and entrepreneurship from around the world.

The Innoverse Expo has established itself as a prominent platform for showcasing cutting-edge technologies, groundbreaking research, and visionary products across diverse industries, including healthcare, energy, and telecommunications.

Continuing our virtual format to ensure greater accessibility and global participation, the 2026 edition aims to connect innovators without borders and create meaningful opportunities for collaboration and growth.

Whether you are an inventor, entrepreneur, investor, or simply passionate about the future of innovation, the 2026 Innoverse Expo promises to deliver inspiration, knowledge, and unparalleled opportunities.

We look forward to welcoming you to this dynamic and transformative event.

PARTICIPANT AGE RANGE

Individuals and Companies:

- Innovators, entrepreneurs, and professionals of all ages are invited to showcase their groundbreaking inventions and innovations. Whether you're a seasoned inventor or a budding entrepreneur, the expo provides a platform to demonstrate your ideas and network with like-minded individuals and organizations.

Colleagues and Youth Students:

- College students and young innovators bring fresh perspectives and innovative solutions to the forefront. The expo encourages participation from college and university students, offering them an opportunity to showcase their projects, research, and entrepreneurial endeavors. Engage with peers, mentors, and industry experts to exchange ideas and gain valuable insights.

Middle Schools and High Schools:

- Fostering a culture of innovation starts at a young age. Middle school and high school students are encouraged to participate in the expo, exploring their creativity and problem-solving skills. From science fair projects to innovative prototypes, students can showcase their talents and passion for innovation while gaining valuable feedback and recognition.

Elementary Schools:

- The spirit of innovation knows no bounds, even among our youngest minds. Elementary school students are invited to unleash their creativity and imagination at the expo. Through hands-on projects, demonstrations, and presentations, young innovators can showcase their inventive ideas and learn about the exciting world of science, technology, engineering, and mathematics (STEM).

EVENT SCHEDULE

Start registration	February 01, 2026
Registration deadline	June 10, 2026
Judging session	August 15-22, 2026
Award announcement	August 24, 2026
Award Shipping	September 30, 2026

HOW TO PARTICIPATE

Step 1: Registration

Visit our official website and fill out the online registration form.

www.innoverse.world

Step 2: Submit Your Project

After registration, you will receive an email with a link to submit your project details. You'll be required to upload:

Step 3: Confirmation & Guidelines

Once your submission is reviewed, you will receive a confirmation email along with the official participant guidelines, your presentation schedule, and tips to prepare for the online expo.

JUDGING CRITERIA

The judging process at the Innoverse Invention & Innovation Expo is rigorous and fair, guided by predefined criteria to evaluate the quality, creativity, and impact of the submitted designs. The judging criteria encompass the following key aspects:

- **Innovation and Creativity:** Assessing the originality and creativity demonstrated in the design, highlighting unique features and novel approaches.
- **Feasibility and Practicality:** Evaluating the feasibility and practicality of implementing the design in real-world scenarios, considering factors such as scalability, resource requirements, and technical complexity.
- **Impact and Significance:** Examining the potential impact of the design on society, industry, or the environment, assessing its relevance and significance in addressing existing challenges or meeting emerging needs.
- **Presentation Quality:** Reviewing the clarity, coherence, and effectiveness of the submitted materials, including videos, posters, and supplementary documentation, in conveying the key concepts and merits of the design.
- **Adherence to Guidelines:** Ensuring compliance with the guidelines and requirements outlined for participation, including the submission of relevant documents, adherence to deadlines, and responsiveness to inquiries from the organizing committee.
- **Communication and Engagement:** Assessing the ability of participants to effectively communicate their ideas, respond to questions, and engage with judges and expo attendees during the evaluation process.

REQUIRED SUBMISSION DOCUMENTS

To successfully participate in the 4th Innoverse Invention & Innovation Expo, please prepare and submit the following materials:

1. **Abstract** – A clear and concise summary of your invention, innovation, or project.
2. **5-Minute Video** – A recorded video explaining and showcasing your project.
3. **Presentation File** – A slide deck (maximum 20 slides) outlining key details of your work.
4. **Additional Materials (Optional)** – Any documents, images, or links that can help better present and support your project.

AWARDS & RECOGNITIONS

- Grand Prize & Best Invention Award
- Gold, Silver & Bronze Medal Awards
- International Recognition Award
- Special Award
- Innovation Commercialization Award
